# READY FOR THE FUTURE

*"Durability, quality, a high level of functionality and fair production conditions are the core values of our brand."*

Wow – what a year we have had. It was a year that turned out quite differently from the one we were all expecting. When the crisis began, none of us had the faintest idea about what lay ahead. The year that has kept us on the edge of our seats and challenged us in so many ways is now drawing to a close. We are now turning our attention to the future and the season of Fall\_Winter 2021\_22. But we cannot forget about the past either. I think the defining aspects of the year 2020 are the lessons we learned during these extraordinary times and the lessons we can apply in the future. One example is the fact that we cannot plan everything down to the very tiniest detail and specify just how things are supposed to work. We have realised that things and developments that once seemed predictable are not carved in stone and that things we once took for granted have suddenly taken on a brand new meaning.

Nature, for instance, plays a major role in the daily lives of many people. Heading outside, exploring local surroundings, climbing a mountain, feeling free – many people have rediscovered the joy of trekking in the fresh air of the great outdoors and recharging their batteries in the process. As an outdoor company, we are particularly pleased about this trend because this special experience of nature reflects the very essence of our business philosophy. Our footwear helps people to experience these unique moments in life. The issue of sustainability also plays a key role in customers' buying decisions and has become deeply embedded in their consciousness. Our clear commitment to "Made in Europe" provides answers in this area and demonstrates LOWA's dedication to sustainability, a resolve that has existed from the company's very beginning. Durability, quality, a high level of functionality and fair production conditions are the core values of our brand.

We are really pleased that so many customers have remained loyal to us during such a trying year. After overcoming the restrictions imposed by the lockdown, we are in a better economic position at the end of the year than we originally expected thanks to this new consciousness and this loyalty. We performed particularly well in German-speaking countries. Of course, we are also facing markets where we continue to suffer from massive corona-related losses.

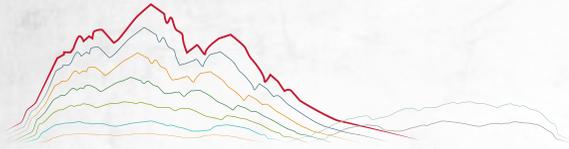

For this reason, our motto remains: stick together and tackle the challenges together. After all, we cannot predict for sure what will happen in 2021. We must carefully weigh issues, act quickly and still make every decision deliberately.

Nonetheless, we continue to look towards the future with optimism and are really happy to be presenting our new Fall\_Winter 2021\_22 collection to you. We have fine-tuned existing concepts and added a few new touches as well. A high level of functionality is our top priority for the winter. But the design also requires continuous innovation. In one reflection of this work, we have given a new look to our winter shoe classics for women.

I wish you every success as you put together your collection. We will be glad to assist you.

Here's to a good season  
**Alexander Nicolai | CEO**

## QUALITÄT SEIT 1923

Als globales Outdoor-Unternehmen, das größten Wert auf seine Wurzeln legt, folgen wir zu jeder Zeit drei zentralen Ansprüchen: höchste Qualität, eine perfekte Passform und Innovation in allen Bereichen.

Dieses Bestreben findet sich in jeder Facette unseres Handelns und geht über die Grenzen des Firmengeländes hinaus. Für uns zählen keine kurzfristigen Trends, sondern eine nachhaltige Unternehmensentwicklung. Traditionelle Werte wie Vertrauen, Ehrlichkeit und Respekt werden bei uns groß geschrieben. Diese Grundsätze leben wir nicht nur in unserem täglichen Miteinander, sondern auch in unseren Geschäftsbeziehungen.

## QUALITY SINCE 1923

As a global outdoor company that is dedicated to its roots, we strive to achieve three goals at all times: the highest quality, a perfect fit and innovation in every area.

This commitment is reflected in every aspect of our business and extends well beyond the boundaries of the company's operations. We are driven by sustainable company growth, not short-term trends. Traditional values such as trust, honesty and respect shape our business. We apply these principles not only to our daily interactions with one another, but also to our business relationships.

# WARUM WIR IN EUROPA PRODUZIEREN ...

LOWA verfolgt eine nachhaltige Produktionsstrategie und setzt bewusst auf „Made in Europe“. Die lokale Produktion hat dabei zahlreiche ökologische und wirtschaftliche Vorteile für das Traditionsunternehmen. Durch die Produktion in Europa ist zum einen die Nähe der Produktion zur Forschungs- und Entwicklungsabteilung zu jederzeit gewährleistet, zum anderen hat LOWA Einfluss auf die komplette Wertschöpfungskette. Darüber hinaus befinden sich über 50 Prozent der LOWA-Exportländer in Europa. Durch die Nähe der Produktionsbetriebe zu den Hauptmärkten sind kurze Transportwege garantiert. Dadurch werden Emissionen reduziert und hohe Transportkosten gespart.

## WHY WE PRODUCE IN EUROPE...

LOWA pursues a sustainable production strategy and consciously applies a philosophy of “Made in Europe”. The local production has numerous ecological and economic advantages for the company with long tradition. By making its footwear in Europe, LOWA can maintain a close relationship between its production operation and its research and development department and the company can influence the entire value chain. Furthermore more than 50 percent of the LOWA export countries are located in Europe. The proximity of production facilities to primary markets ensures short transport distances. This, in turn, reduces emissions and eliminates high transport costs.

# AKTIV FÜR UMWELT UND NATUR

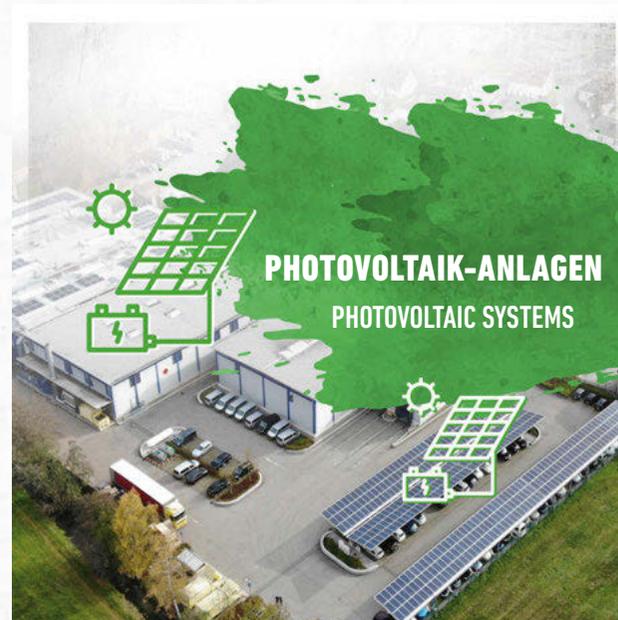

Als Bergsportmarke lebt LOWA mit und von der Natur. Deshalb geht das Unternehmen sorgsam mit seinen Ressourcen um und kümmert sich aktiv um den Schutz der Natur. Seit 2001 engagieren sich LOWA-Mitarbeiterinnen und -Mitarbeiter in dem Aufforstungsprojekt der Bayerischen Staatsforsten. So werden in bayerischen Bergwäldern und Berghängen regelmäßig neue Jungbäume gepflanzt. Darüber hinaus werden gut 25 Prozent des jährlichen Strombedarfs am Firmengelände in Jetzendorf über eigenproduzierten Solarstrom abgedeckt. LOWA bietet zudem an allen Standorten Firmenbusse oder finanziert Buslinien, um seine Mitarbeiterinnen und Mitarbeiter in die Firma und wieder nach Hause zu bringen. In Jetzendorf ersetzen so sieben firmeneigene Kleinbusse den individuellen An- und Abreiseverkehr von über 50 Einzel-PKW – ein täglicher und wichtiger Beitrag zum Klimaschutz.

## COMMITTED TO THE ENVIRONMENT AND NATURE

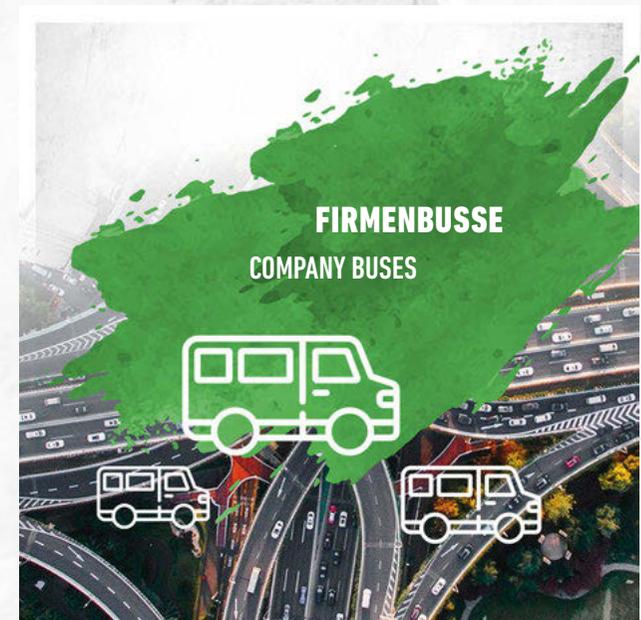

As a mountaineering brand, LOWA lives with and benefits from nature. This is why the company uses its resources so carefully and is actively committed to nature conservation. Since 2001, LOWA employees have been part of a reforestation project run by the Bavarian State Forest Enterprise and therefore regularly plant saplings in the mountain forests and slopes of Bavaria. Furthermore LOWA covers around 25 percent of its annual power needs with solar power that has been produced on site. Also, the company provides buses at all of its locations or finances bus lines that bring employees to work and back home. In Jetzendorf, seven small buses replace more than 50 individual vehicles by transporting employees to and from work, thus representing an important daily contribution to climate protection.

# Die richtige Pflegedurchführung

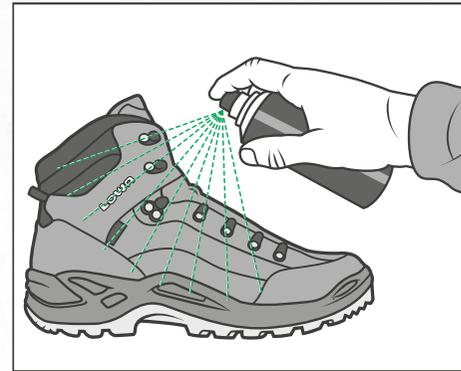

## The right care routine

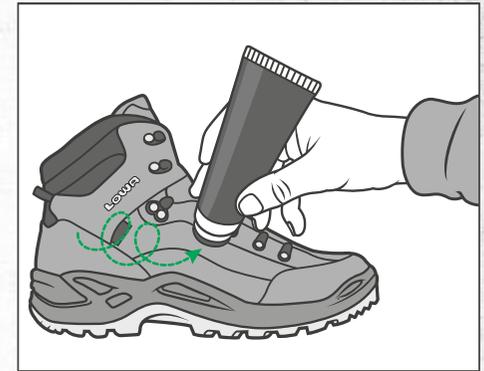

- 1** Einlegesohlen und Schnürsenkel entfernen  
Remove the insoles and laces

- 2** Reinigung mit lauwarmem Wasser, Reinigungsmittel und weicher Bürste  
Clean with lukewarm water, Shoe Clean and a soft brush

- 3** Vorimprägnieren  
Use waterproofing spray

- 4** Wachsen  
Wax

- 5** Einbürsten  
Work it into the surface with a brush

- 6** Bei Veloursleder-Modellen:  
Leichtes Aufrauen – Veloursoptik wiederherstellen  
For suede leather models:  
Roughen slightly – restore suede look

- 7** Wassertest – Wasser sollte abperlen  
Water test – water should be repelled

- 8** Erhalten der Schuhform  
Preserve boot shape
